SUMMARY

Software Developer with professional experience in developing responsive and user-friendly web applications using React.js, JavaScript, HTML5, CSS3, and Bootstrap. Experienced in converting UI/UX designs into responsive, high-quality web interfaces, integrating REST APIs, and building reusable React components. Strong understanding of responsive web design, performance optimization, Git version control, and modern frontend development practices. Passionate about writing clean, maintainable code and continuously learning new technologies.

EXPERIENCE

Software Developer

February 2026 – Present

Quantum Works Pvt. Ltd.

- Developed responsive web applications using React.js, JavaScript, HTML5, CSS3, and Bootstrap.
- Built reusable React components to improve application scalability and maintainability.
- Designed mobile-first, responsive user interfaces optimized for desktop, tablet, and mobile devices.
- Integrated REST APIs and ensured cross-browser compatibility for consistent user experiences.
- Collaborated with cross-functional team members to develop new features and resolve application issues.
- Improved application performance through debugging, code optimization, and utilized Git within an Agile development environment.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap

Backend: Core Java

Database: MySQL

Tools: Git, GitHub, VS Code, Eclipse

Concepts: OOP, React Components, React Router, Responsive Web Design, DOM Manipulation

Currently Learning: Spring Boot, Spring MVC, Hibernate/JPA

PROJECTS

Personal Portfolio

Tech Stack: React.js | JavaScript | Bootstrap | React Router | Vercel

- Designed and developed a fully responsive personal portfolio showcasing professional experience, projects, technical skills, and contact information.
- Built reusable React components, optimized website performance, and ensured responsive layouts across modern browsers.
- Deployed the application on Vercel following modern frontend development best practices.
- Integrated downloadable resume functionality, project filtering, smooth animations, and responsive navigation to create a modern developer portfolio.

Architect Company Website

Tech Stack: React.js | JavaScript | Bootstrap

- Designed and developed a responsive business website for an architecture firm with modern UI components and mobile-first layouts.
- Built reusable components including Navbar, Hero, Services, Projects, About, and Contact sections.
- Designed a clean, modern, and mobile-friendly user interface optimized for multiple screen sizes.

Player Directory Application

Tech Stack: React.js | React Router | REST API | Bootstrap

- Developed a responsive player directory application with search, filtering, and player detail pages.
- Implemented React Router for seamless navigation and dynamic routing.
- Integrated REST APIs to display player information and designed an intuitive, responsive interface using Bootstrap.

Bike Mate – Console Application

Tech Stack: Core Java | Object-Oriented Programming

- Developed a Java console-based application following Object-Oriented Programming principles.
- Implemented user authentication, bike search, showroom availability, and purchase management features.
- Designed an admin module to manage bike inventory and customer records efficiently.

Tip Calculator

Tech Stack: HTML5 | CSS3 | JavaScript | DOM Manipulation

- Developed an interactive tip calculator with real-time bill and tip calculations.
- Implemented input validation and dynamic updates for an improved user experience.
- Designed a responsive interface compatible with desktop and mobile devices.

Guess the Number Game

Tech Stack: HTML5 | CSS3 | JavaScript | DOM Manipulation

- Developed an interactive browser-based number guessing game using JavaScript.
- Implemented random number generation, score tracking, reset functionality, and instant user feedback.
- Strengthened JavaScript fundamentals through DOM manipulation and event handling.

EDUCATION

TKR College of Engineering and Technology (Autonomous), Hyderabad

Bachelor of Technology – Mechanical Engineering, CGPA: 7.07 2020 – 2024

Jawahar Navodaya Vidyalaya, Karimnagar

Senior Secondary (CBSE), Percentage: 81% 2018 – 2020

Jawahar Navodaya Vidyalaya, Karimnagar

Secondary School (CBSE), Percentage: 85.2% 2018

CERTIFICATIONS

Java Full Stack Developer — CVCORP — September 2024 – February 2025
